

Be sure to read “[Questions Linger about USM Plane](#)”, by Ed Kemp. Lingering questions still remain, including why President Saunders now hides information about the flights of her plane, ID number N777AQ.

“This aircraft (N777AQ) is not available for tracking per request from the owner/operator.” See, <http://flightaware.com/live/flight/N777AQ>.

If President Saunders really believes she can offer a convincing case that the purchase/lease of N777AQ is an effective and efficient decision, then she should provide information to make that assessment. Keep in mind, during this period of economic hardship, she should welcome an open assessment of her accountability, too.
