

Dear USMNEWS.NET,

I have been following your reports about how President Saunders spent money while she was Chancellor at UW-W with great interest. After one of your readers pointed out that UW-W paid for a very expensive trip to London for Chancellor and spouse, I found a handwritten, undated note initialed by President Saunders saying “Reimburse pro-card with Foundation check for Joe’s fare. Thanks, MS.” I can’t help but wonder was President Saunders using the UW-W Foundation as her personal “booze account” to fund luxury trips for her husband? Is she now using the USM Foundation as her personal “booze account” and for what purposes?
