

Like We Said Before, Martha

Nice to hear...

September 29, 2009 6:08 AM | [Permalink](#)

One of the best things about the Kansas game was the ride home. Just as we were landing, the flight attendant told us that she had worked a lot of charters for athletic teams and that our guys, by far, were the nicest and best behaved. She said, "They're well brought up!"

Congratulations to our coaches and team for setting good examples on and off the field.

Now that we all warm and fuzzy, how many staff people are about to be terminated for the most recent round of budget cuts? How about further program eliminations? The new Commissioner is on campus Wednesday; no news on that? Any hope of a mid-year tuition increase? How about a tuition increase for next year?

Get in the game, Martha. You are not paid this much to be a spectator.
